

PORTRAIT OF IMOGEN

Short Description of the Film, Portrait of Imogen

With a sharp wit and a unique perspective on photography, Imogen Cunningham reveals how she carved out her impressive career while maintaining a household and raising a family. In a professional career of 75 years, Imogen had an enormous influence on the aesthetics of American photography.

Longer Description of the Film, Portrait of Imogen

Photographer Imogen Cunningham presents her own work in this Academy Award nominated documentary by Meg Partridge. Here is an opportunity to sit down and have a personal conversation with one of the 20th century's greatest photographers.

In a professional career spanning 75 years, Imogen Cunningham had an enormous influence on the aesthetics of American photography. In this unusually evocative film, more than 250 of her photographs are presented by Imogen herself, through informal interviews recorded when she was in her late 80s.

With a sharp with and a unique perspective on photography, Imogen reveals how she carved out her impressive career while maintaining a household and raising a family.
